

Mission Soccer Club

President 2016/2016 AGM Report

The 2016/2017 season brought new challenges and successes. With a relatively small Board of Directors, MSC has worked hard to refocus our values and maintain quality soccer programming and opportunities within our community.

This year was a year marked by a great deal of snow and field cancellations. It was challenging to postpone games and reallocate field space, but the board did it's best to ensure that the opportunities were still there for our community.

On our current board is Doug McKellan, our Vice President, who MC'ed our Awards Night this year. Mike Dunbar, our Boys Rep, as well as the 5 District Rep has been a great resource to our coaches and youth teams. Our Mini Coordinator, Jakub Jablonski, has been organizing the Mini program in the Fall and continues to oversee the program as we head into Spring League. Rebecca Falk is our Secretary and Risk Management Officer. She has been diligently making sure that all of our coaches and volunteers have up to date Criminal Record Checks in compliance with BC Soccer. Tracey Zech is our Treasurer and provides a clear outlook at MSC's accounts with the ultimate goal being to apply for the community Gaming Grant. Colin Halldorson is our registrar and is tasked with making sure all of our players are registered correctly.

We also have a few Club Officers who assist in lightening the work load for us. Chris Beemish, our Equipment Manager, has been working tirelessly to ensure that all of the equipment and jerseys have been itemized and ordered well in advance. Maria Dube is our Referee Allocator and makes sure that referees arrive at each game. Sean Brookes is our Communications officer and our Website has never been better!

With the guidance of our Technical Director, Rick Erickson, MSC is continuing to provide coaching training for all of our valuable volunteer coaches.

Thank you once again for all that you do. Our children and our community are very appreciative of the time that you give.

Yours in Soccer,

Tom Nguyen
President
